INSTITUTE OF LIFE SCIENCES
(An Autonomous Institute of the Department of Biotechnology, Government of India)
Nalco Square
Bhubaneswar 751 023

FACULTY POSITIONS

Institute of Life Sciences, Bhubaneswar, is an emerging multidisciplinary institute engaged in advanced research in genomics, gene expression and regulation, proteomics, infectious diseases and environmental biotechnology. The institute invites applications from Indian citizens for the Lecturer positions in areas of oncology, vector-borne diseases, proteomics and stress biology.

Name of the position: Lecturer
No. of vacancy: 04(UR-01, SC-01 and OBC-02). The number of vacancy is likely to increase.
Pay scale: Rs 8000–275–13,500 plus other allowances as admissible in the institute.
Essential Qualification: Ph.D. in any branch of Biological Sciences with good academic record. Desirable Qualification: Post-doctoral experience in molecular biology of cancer and diagnostics/diagnosis and therapy of malaria and filarial infections/diseases/DNA-protein interaction, transcription factors/stress biology/protein characterization, gene expression and regulation, as evidenced by publications in peer-reviewed journals. Upper age limit: 35 years (relaxation of age is as per Government rules).

The interested/eligible candidates may send their application on plain paper with detailed bio-data, qualification, experience, list of publications (attach two best papers), names and addresses of referees (attach letter of references) and proposed plan of research work to the Director, Institute of Life Sciences, Nalco Square, Bhubaneswar 751 023, India, E-mail: director_ils@rediffmail.com on or before 15 June 2004. The institute reserves the right to fill or not to fill any or all posts advertised. No future correspondence will be entertained with candidates regarding the post. Persons already employed in Govt./Semi-Govt./PSUs/autonomous bodies should submit their application through the proper channel, however, advance copy of application may be sent to the institute on or before the due date. Only shortlisted candidates will be called for interview. Website: www.ilsc.org.

RESEARCH ASSOCIATE POSITIONS

Institute of Life Sciences, Bhubaneswar, invites applications from Indian citizens for the temporary Research Associate positions one each in the following areas.

Position No. 1
Molecular Biology of Age and Age-Related Diseases: Research work involves studies on differential gene expression, cloning and sequencing of genes, DNA-protein interaction, characterization and cloning of transcription factors.

Position No. 2
Environmental Biotechnology: Applicant should have experience in techniques involving protein purification, cloning and characterization of genes. Preference will be given to the candidate possessing Ph.D. degree in microbiology.

Position No. 3
Molecular Microbiology: The area of research will be in molecular aspect of plant–microbe interaction, microbial prospecting and gene regulation.

Fellowship: Rs 11,000 p.m. (fixed) plus HRA @15% as admissible in the institute.

Qualification: Ph.D. in Biological Sciences with experience in relevant field of research. Upper age limit: 35 years.

The interested candidates may send their application on plain paper with detailed bio-data, list of publications, names and addresses of referees to the Director, Institute of Life Sciences, Nalco Square, Bhubaneswar 751 023, India, E-mail: director_ils@rediffmail.com on or before 10 June 2004. Candidate must mention the position No. and project in the application. The position is purely temporary and the candidate will not have any right to claim explicit or implicit on any post in ILS. The initial appointment will be made for one year which is extendable on year-to-year basis after satisfactory performance for a maximum period of three years. Shortlisted candidates will be called for interview. No TA/DA will be given for attending the interview. Website: www.ilsc.org.
