Careers in Science Editing

about us

Editage, a division of Cactus Communications Pvt. Ltd., is a company specializing in editing research papers. Since we began operations in April 2002 with a team of five, we’ve grown to a team of 60, with 30 editors in three subject specialized teams.

MedLife is our medicine and life sciences team, which handles manuscripts from medicine, microbiology, genetics, biochemistry, and related subjects. Resonance, our physical sciences team, edits papers from physics, chemistry, engineering, materials science, and allied disciplines. Our humanities team is Noteis; this team edits documents in psychology, sociology, economics, English, etc.

editage is recruiting

Editage is looking for SCIENCE EDITORS: Graduates (BSc), postgraduates (MSc), and doctors (PhD) in any branch of science with strong written English skills, the ability to identify and correct errors in writing and, above all, a passion for science.

To learn more about the job profile, visit our website, www.cactusglobal.com. You can apply online through our website or by e-mailing your CV to careers@cactusglobal.com. We work out of two offices in Andheri (W), Mumbai. Candidates outside Mumbai who are willing to relocate are welcome to apply.
