

Careers in Science Editing

Editage, a division of Cactus Communications Pvt. Ltd., is a company specializing in editing research papers. Since we began operations in April 2002 with a team of five, we've grown to a team of 60, with 30 editors in three subject-specialized teams.

MedLife is our medicine and life science team, which handles manuscripts from medicine, microbiology, genetics, biochemistry, and related subjects. **Resonance**, our physical sciences team, edits papers from physics, chemistry, engineering, materials science, and allied fields. Our humanities team is **Noesis**; this team edits documents in psychology, sociology, economics, literature, and other such disciplines.

Editage is recruiting:

Editage is looking for SCIENCE EDITORS: Graduates (BSc), postgraduates (MSc), and doctorates (PhD) in any branch of science with strong written English skills, the ability to identify and correct errors in writing, and, above all, a passion for science.

To learn more about the job profile, visit our website, www.cactusglobal.com. You can apply online through our website or by e-mailing your resume to careers@cactusglobal.com. We work out of two offices in Andheri (W), Mumbai. Candidates outside Mumbai are welcome to apply if willing to relocate.
