Academy Initiative in University Science Education

Summer Research Fellowships for Students and Teachers – 2006

The Science Education Panel of the Academy offers several two-month Summer Fellowships to enable students/teachers to work with Fellows of the Academy during 2006. **The announcement inviting applications along with the application format and a list of Fellows willing to accept students/teachers for work on joint short-term projects are included as a supplement in the October 2005 issue of *RESONANCE* – journal of science education.** This information is also available on the Academy website.

Proposals are invited from interested students and teachers for these Fellowships. The proposal should include a brief resume of the applicant (in the required format), a one-page description of the planned activity, the Fellow with whom the applicant would like to work and the tentative dates of visit as convenient to the applicant. The **plan of work** should clearly state the specific experiment or theory that the applicant would like to work on and NOT a general description of the area. Student applicants should include a recommendation letter from a teacher familiar with their work, in a sealed envelope.

Completed proposals should reach the Academy office (The Executive Secretary, Indian Academy of Sciences, C.V. Raman Avenue, Post Box No. 8005, Sadashivanagar P.O., Bangalore 560 080) by **31 December 2005**. Information of selection along with concurrence of the Fellow will be despatched by **early March 2006**.

The selected students/teachers will be provided appropriate round trip train fare and an honorarium to meet the boarding and lodging expenses at the place of work.

30 September 2005

Professor N. Mukunda
Chairman, Science Education Panel
