

3rd Module of the SERC School on Crustal Deformation and Tectonic Geomorphology: Modern Structural Geology and Tectonics

(Sponsored by Department of Science and Technology, Govt. of India,
Earth Systems Science, New Delhi)

We propose to conduct a fortnight training programme on Modern Structural Geology and Tectonics with reference to Crustal Deformation and Tectonic Geomorphology during 6–20th February 2007 at the Wadia Institute of Himalayan Geology, Dehra Dun. The main objective of this training is to provide the modern knowledge and hands on experience in the field of Tectonic Geomorphology with emphasis on Structure and Tectonics in active fold thrust belts of the Himalayan region to the budding researchers.

The researchers willing to undertake this training programme are requested to send their academic profile, including ongoing research activities and mention separately how this workshop would benefit your ongoing research task, through concerned supervisor/head of the department should reach us before **30 November 2006**. The selected participants will be provided III AC fare and lodging – boarding during their stay at Dehra Dun. The participants who have already attended the previous modules (at Kanpur and Bangalore) may also apply for the present module.

26th Annual Convention of Indian Association for Cancer Research and International Symposium on Translational Research in Cancer Bhubaneswar, Orissa, January 17–19, 2007

Deadline: Early Registration – Nov. 30, 2006 Abstract submission – Nov. 15, 2006

26th Annual Convention of IACR and International Symposium on 'Translational Research in Cancer' organized by Institute of Life Sciences; Imgenex India Pvt Ltd.; Department of Biochemistry, SCB Medical College and Sanjeevani Medicare to be held on January 17–19, 2007 at Bhubaneswar, Orissa. The Society of Indian Association for Cancer Research (IACR) promotes communication among scientists and clinicians working in cancer research in India and abroad. The convention will feature invited lectures by eminent scientists as well as contributed presentations. We expect excellent scientific presentations in the following fields:

- | | |
|-----------------------------------|--|
| ■ <i>Angiogenesis</i> | ■ <i>Immunotherapeutics</i> |
| ■ <i>Apoptosis</i> | ■ <i>Inflammation and Cancer</i> |
| ■ <i>Biomarkers</i> | ■ <i>Stem cells</i> |
| ■ <i>Cancer diagnostics</i> | ■ <i>Signal transduction</i> |
| ■ <i>Cell cycle</i> | ■ <i>Natural products in cancer therapy</i> |
| ■ <i>Clinical cancer research</i> | ■ <i>Regulatory process in cancer drug development</i> |
| ■ <i>Gene therapy</i> | ■ <i>Collaboration between industry and academia</i> |

The scientific sessions will also contain oral and poster presentations for special awards to encourage the young scientists. In addition, leading companies will showcase their recent technologies and products to facilitate research.

The success of IACR over the past 25 years has been possible because of your commitment, continued support and common interest for treatment and eradication of cancer.

We cordially invite you to attend this symposium. We look forward to seeing you in Bhubaneswar at the Symposium.

B. Ravindran, Ph.D.
Convenor

Sujay Singh, Ph.D.
