WORKSHOP

on

Molecular Medicine: Basic Techniques in Molecular Biology

December 08–16, 2006

Organized by

ICMR Center for Advanced Research in Molecular Medical Microbiology
Department of Microbiology and Cell Biology
Indian Institute of Science
Bangalore 560 012, India

The workshop includes lectures and hands-on training on molecular cloning and gene expression techniques. This workshop aims to introduce young medical graduates (MBBS/MD) to the emerging areas of molecular medicine so as to widen their research activities in their respective centers. The details of the workshop and the course contents will be available at the department home page at http://mcbl.iisc.ernet.in/

Interested candidates may apply to Dr K. N. Balaji (workshop@mcbl.iisc.ernet.in) with their bio-data (include email/fax number), statement of purpose and a letter of recommendation from their supervisor/head of the division) by October 31, 2006. The selected candidates will be informed by email/fax/speed post by November 13, 2006.
