SECOND CALL FOR PROPOSAL – 2007

The Indo-US Science and Technology Forum (IUSSTF), established under an agreement between the Governments of India and the United States of America, is an autonomous, not for profit society that promotes and catalyzes the Indo-US bilateral collaborations in science, technology, engineering and biomedical research through substantive interaction among government, academia and industry.

The IUSSTF seeks to support innovative programs aimed to stimulate interactions that have a strong potential for generating follow-on activities and building long term Indo-US S&T relationships. The IUSSTF promotes program that nurtures contacts between the young and mid-career scientists and technologists and fosters active public-private partnership in R&D.

The IUSSTF solicits proposals *thrice a year (submission deadline – Feb, June, Oct)* jointly submitted by the US & Indian Principal Investigators from academia, government funded institutions/laboratories and private R&D entities for:

1. **Knowledge R&D Networked and Public-Private Networked Indo-US Centers**
2. **Bilateral workshop, conference, symposium**
3. **Training schools**
4. **Travel grants**
 - (i) To avail already awarded fellowship and sabbatical positions in US/India
 - (ii) For selected US participants to attend international conferences/events in India
 - (iii) For specific exploratory/planning visits aimed at large scale collaborations

Detailed format available at <http://www.indoustf.org>
