

4th Module of the SERC School on Crustal Deformation and Tectonic Geomorphology: Active Tectonics and Palaeoseismology

(Sponsored by the Department of Science and Technology, Government of India)

We propose to conduct a field-based training programme on Active Tectonics and Palaeoseismology during 12–22 November 2007 at the Department of Geology, R. R. Lalan College, Bhuj, Kachchh. The main objective of this programme is to provide extensive field training to the young researchers on modern techniques in active tectonics and palaeoseismology in seismically active regions. The programme will be conducted by Prof. L. S. Chamyal of the M.S. University of Baroda and Dr C. P. Rajendran of CESS, Thiruvananthapuram.

Researchers willing to attend the programme are requested to send their academic profile including on-going research and a brief write up on how the programme will be beneficial to them. Application should be sent through the concerned Supervisor/Head of Departments to reach us before **25 September 2007**. The participants who have already attended the previous modules (held at Kanpur, Bangalore and Dehradun) may also apply and should clearly mention the same in their application. The selected participants will be provided II AC fare and lodging and boarding during their stay at Bhuj. The application should be addressed to **Dr M. G. Thakkar, Programme Coordinator, Shri R. R. Lalan College, Bhuj, Kachchh 370 001.**
