

**SCIENCE AND ENGINEERING RESEARCH COUNCIL
DEPARTMENT OF SCIENCE AND TECHNOLOGY
NEW DELHI**

**Invitation of proposals in the interface areas of
Organic Chemistry–Biology–Pharma**

Research proposals are invited from active researchers working in academic institutions, national laboratories and industry to undertake internationally competitive research in the following interface areas of Organic Chemistry–Biology–Pharma.

1. Glycochemistry and biology
2. Post translational modification
3. Transcription control by small molecules
4. Natural products
5. Infectious disease
6. Metabolic disorder
7. Miniaturized protein moiety
8. Any other areas

Interested researchers are requested to submit proposals in one or more of the above areas. Collaboration is necessary under the programme and the proposal should have at least one collaborator who has complementary expertise. Researches from industry are also encouraged to collaborate with academic institutions and national laboratories. However, funding will be given only to academic institutions and national laboratories.

Fifteen copies of the proposal in SERC format (which can be downloaded from our website: www.serc-dst.org) may be sent to the following address:

Sh. V. V. Jacob
Scientist
Science and Engineering Research Council (SERC)
Department of Science and Technology
Technology Bhavan
New Mehrauli Road
New Delhi 110 016
Ph: 011-26590 535
E-mail: Jacob@nic.in

The envelope may be superscribed '**Proposal in the interface area of Organic Chemistry–Biology–Pharma**'.

Electronic version of the proposal may also be sent in advance.

The last date for the receipt of the proposal is **30 April 2008**.
