Department of Medicinal Chemistry

Faculty Positions

Sri Ramachandra University is a medical university imparting education at UG, PG and Ph.D. level in medical and dental as well as allied sciences.

Faculty positions are available for teaching and research (M.Sc. and Ph.D.) in the recently started Department of Medicinal Chemistry.

The departmental laboratories are furnished with fume hoods and working tables of international standards provided by Kewaunee. It has excellent facilities with 400 MHz Bruker NMR, HPLC, GC, FT-IR, computers and other common instruments. Sri Ramachandra University is committed to interdisciplinary research and has ongoing MoU's with several outstanding universities in the country and abroad to make this possible.

It is a great opportunity to make an exciting career for chemists with inclination/passion to work in the area of drug discovery, design and development or related areas. The applicants should have a Ph.D. degree with good publication.

The salary is negotiable based on qualifications and experience.

Applications with copies of supporting credentials and a passport size photograph should reach **The Dean of Faculties, Sri Ramachandra University, Porur, Chennai 600 116** within 15 days from the date of publication. Curriculum Vitae may also be sent through e-mail address deansrsmc@hotmail.com
