Junior Research Fellow
Applications on plain paper with complete bio-data including contact details (phone number, e-mail address and postal address) along with photocopies of educational/professional certificates, mark sheets are invited from Indian nationals for one post of Junior Research Fellow for the project entitled ‘Probing Adenophostin Mediated IP₃,R Activation using Click Chemistry Approach’ sponsored by DST (Department of Science and Technology, Govt of India) at School of Chemistry, IISER-Thiruvananthapuram. The initial appointment will be for a year but extendable up to three years based on the performance. Completed application accompanying name and contact details (including phone number and e-mail) of at least two referees should reach Dr K. M. Sureshan, Principal Investigator, IISER Thiruvananthapuram, CET Campus, Sreekaryam, Thiruvananthapuram 695 016, Kerala. e-mail: kms@iisertvm.ac.in latest by 20 July 2009. No application will be considered after this date.

Qualification: Essential – M.Sc. Chemistry/M.Pharm. with minimum 6.0 CGPA on a 10 point scale or 60% marks with NET (CSIR-UGC-JRF/LS) or GATE with at least a 90 percentile. Desirable – Experience in organic synthesis/analysis/assay set up.

Maximum age: 26 years (relaxable up to 5 yrs in the case of candidates belonging to SC/ST categories, women and physically handicapped candidates).

Remuneration: Rs 12,000 p.m. + HRA for first two years and Rs 14,000 p.m. + HRA for third year (as per DST norms).

Note: Mere fulfillment of qualifications/experience requirements does not entitle a candidate to be called for the interview. Only shortlisted candidates will be called for telephonic and/or personal interview. Selected candidate will be intimated by post/e-mail. No correspondence whatsoever will be entertained from candidates regarding reasons for not being called for interview, conduct and result of interview. No TA/DA is permissible for attending the interview.

Joint Call for Proposals 2009

The Department of Science and Technology, Government of India and the National Council of Science and Technology of the United Mexican States (CONACYT) have signed a Programme of Cooperation (POC) in Science and Technology in November 2007 for the period 2007–2010. Under this programme of cooperation, joint call for proposals are invited from interested scientists and technologists from India. The call for proposals shall remain open during 17 June to 31 August 2009. The projects period may be 2–3 years.

The identified areas for cooperation in which proposals invited are:

1. Atmospheric science
2. Physics
3. Geoscience and oceanography
4. Seismology/earthquakes
5. Chemistry
6. Biotechnology
7. Information technologies
8. Computer science and Software development
9. Materials science
10. Water management and related technology

10 Copies of the proposals may be submitted along with a soft copy to the Department of Science and Technology before or on the date of closure of the call. Further details are available on our websites: www.stic-dst.org and www.dst.gov.in
