INSA Platinum Jubilee International Symposium on
‘Research in Molecular Medicine Based on Natural Resources and Traditional Knowledge’
21–23 November 2009
at
National Chemical Laboratory, Pune, India

Indian National Science Academy (INSA) is hosting an International Symposium on ‘Research in molecular medicine based on natural resources and traditional knowledge’ as one of the seminars to celebrate the Platinum Jubilee Year of INSA.

Molecular medicine is globally becoming a highly important and valuable field of research to elevate the present status of medicine from natural resources and traditional knowledge. There has been a great emphasis on the research in this area in India and abroad. A large number of invited experts from India and abroad will deliberate on this area. This seminar will thus provide an excellent platform for exchange of ideas among scientists and will also provide an opportunity for young researchers to expand their horizon in this highly applied area of research.

Students, Research Fellows, Research Associates and Young Scientists are encouraged to participate and present their research work, preferably in the form of posters. Those who are interested may register online at the symposium website. Abstracts of presentations/posters may also be uploaded in the MSWord or Word Perfect format at conference website. The length of the document should not be more than 200 words. The deadlines of various submissions and other details are as follows:

Online Registration and submission of abstract: 30 September 2009
Notice of acceptance of abstract: 15 October 2009
Registration fee: Rs 5000 for industry, Rs 2500 for scientists, Rs 1500 for research students
Contact person: Dr Sourav Pal, Head, Physical Chemistry Division, National Chemical Laboratory, Pune 411 008
Phone: 020-25902001, e-mail: ipjsmm@ncl.res.in; Website: www.ncl-india.org/ipjsmm
