Swarnajayanti Fellowships 2009–10

Government of India had instituted a scheme ‘The Swarnajayanti Fellowships’ to commemorate India’s fiftieth year of Independence. Under this scheme a selected number of young scientists, with excellent track record, are provided special assistance and support to enable them to pursue research in frontier areas of science and technology. The fellowship is scientist specific and not institution specific, very selective and have close academic monitoring.

Nature of Support
The support will cover all the requirements for performing the research and will include a fellowship of Rs 25,000 per month for five years. The fellowship will be provided in addition to the salary they draw from their parent institution. In addition to fellowship, grants for equipments, computational facilities, consumables, contingencies, national and international travel and other special requirements, if any, will be covered based on merit. Scientists selected for the award will be allowed to pursue unfettered research with a freedom and flexibility in terms of expenditure as approved in the research plan. The project should contain innovative research idea and it should have a potential of making impact on R&D in the discipline.

Duration
The duration of the fellowship will be for a period not exceeding five years.

Eligibility
The applicant should possess Ph.D. in Science/Engineering/Medicine. Scientists should be active in the frontier area of science and engineering with outstanding contributions (research publications, peer recognition, etc.) in his/her area of research. The fellowship is open to Indian Nationals residing in India or abroad. The scientists can choose to work at any S&T institution in India, however, he/she will have to submit a letter from Head of the institution at which they wish to pursue research, stating that administrative and basic infrastructural support to facilitate research will be provided. The institute should also undertake financial and other management responsibilities of the project throughout the five year term in case fellowship is awarded to the scientist. The fellowship is open to scientists between 30 and 40 years as on 31 December 2009.

Selection
The selection procedure will include consideration at various stages. An empowered committee will make the final selection based on the recommendation of expert committees. Scientists selected for the award should have accomplished innovative original research in frontier areas of science and technology.

(Contd)
Application
Applications for the ‘Swarnajayanti Fellowships’ are invited from eligible candidates in the format given below. The candidates may be required to submit further additional information as required and present the project idea before final selection. Only one hard copy and one soft copy of the application in the prescribed format along with the project document should be submitted to:

Milind Kulkarni
Scientist-E
Department of Science and Technology
Technology Bhawan, New Mehrauli Road
New Delhi 110 016
e-mail: milind@nic.in

The last date for submission of applications is 15 April 2010.

This advertisement is also available on the internet website at: http://www.dst.gov.in

Format for Application

1. Broad subject area (Life Sciences, Physical Sciences, Chemical Sciences, Earth and Atmospheric Sciences, Mathematical Sciences, Engineering Sciences)
2. Specialization
3. Name of the candidate
4. Mailing address (must indicate telephone, fax and e-mail address)
5. Date of birth
6. Educational qualification:
   (Starting from Bachelors degree onwards)

7. (a) Details of professional training and research experience, specifying period.
   (b) List of significant publications during the last 5 years (published in SCI Journals).
8. Details of employment.
9. Professional recognition, awards, fellowships received.
10. Details of the proposed project to be undertaken during the fellowship period:
    (also specify the work at present engaged in, future plan, prospects after the fellowship, how are these related to the strengthening of basic research in the country, etc.)
11. Detailed financial requirements for 5 years and phasing for each year.
12. Name of the institution where project is to be implemented.
