**AND**  
**THE NATIONAL ACADEMY OF SCIENCES, INDIA, ALLAHABAD**

This Silver Jubilee Course will be held from **15 to 31 December 2010**, in Bangalore in the Academy premises in Jalahalli. Participants in this course will gain hands-on experience with about 25 experiments, some at the B.Sc. level and some at the M.Sc. level with a low cost kit developed for the Indian Academy of Sciences, Bangalore, and manufactured by Ajay Sensors and Instruments, Bangalore.

The Refresher Course in Experimental Physics has been highly successful and the experiments have been included in the curricula of about 15 universities in the South. About sixty kits have been sold and are used in universities and other high level institutions like the Centre for Excellence in Basic Sciences of the University of Mumbai and TIFR.

The total number of seats in the Silver Jubilee Course will be about 25; while the course is essentially meant for teachers in universities and colleges, a few seats will be reserved for students of III B.Sc. and I M.Sc. Physics courses.

Interested applicants must send their bio-data including name, sex, date of birth, educational qualifications, teaching and research experience (in the case of faculty), office address, mobile telephone number and e-mail address to
